

LINOL UG1

LINOL UG1 A liquid detergent containing a combination of surfactant and wetting agents.

General use instruction:

Used at a concentration of 1.0-5.0% depending on the soil load of the surface or equipment to be cleaned. Or apply as is for very stubborn and hard to remove soil.

1. Rinse first all surfaces to be cleaned to remove coarse dirt or soil.
2. Apply the cleaning solution on the surface by using brush, sponge, clean cloth, or mop.
3. Rinse thoroughly with ambient water.
4. Sanitize.

Target Market

hotel, restaurant, big kitchen, etc

Ingredient

Linear alkylbenzene sulfonic acid
Cocamidopropyl Betaine

Benefits

- Safe, fast, effective general cleaner.
- Multi-purpose - can be applied to floors, walls, countertops, glass panels, equipment or any hard surface.
- Leaves no streaks - ideal for cleaning floors.
- Can be used for dishwashing in a 3-sink compartment.
- Safe on all types of surfaces.
